HONGKONG, NOVEMBER 20TH, 1878.

THE discussion at the Legislative Council on Monday opened up many questions, but we propose to-day to confine our attention to the subject primarily before the Council, that of gaol extension. The Surveyor-General laid four carefully prepared alternative the "Benjamin Aymar" Rock, situated near the schemes upon the table, and entered into a lucid explanation of them. Each of the first three projects would be well worthy of consideration if the Colony required a new gaol, gramme for Miss Elicia May's benefit concert at St. Andrew's Hall to morrow night. Among but it has yet to be shown that any such the items on the programme is the celebrated necessity exists. There is a general consensus of opinion as to the excellence of the existing building and the undesirability of launching into fresh and needless expenditure in this direction. While, however, objecting in tota to any new prison being erected, it is only right to give due attention to the various, which Singapore, Labuan, Sulu, Manila, Yekoschemes. Mr. Price lays before us two plans for reconstruction and extension of the gaol on the existing site, which he names respect miles, which occupied 343 days at sea, for the tively the High Level and the Low Level greater part under canvas alone. As a remarkprojects. The former which consists in the has occurred on board during the voyage, and extension of the gaol up to Caine Road, that all the erew have returned to Kiel in good taking in Chancery Lane and the buildings lying between it and Caine Road, is estimated by Mr. Phice to cost \$150,940. The Low. Menhair Captain J. W. B. Darke, R.N.R., ar. Level scheme would involve the demolition experienced some very heavy weather from north of the present Police Barracks, the site of of the Philippine Islands to port. Across the which would be utilised for the extension tremendous searunning. The gale commenced of the gaol westward. New Police Bar- from the N.N.W., and gradually veered racks would have to be built elsewhere, on round to the N.E., the ship rolled and laboured a site to be purchased. This necessarily On the 17th instant a heavy sea swept over the enhances the cost of the Low Level project, vessel, breaking the foremost davit of the port which is estimated at \$195,700, or \$45,000 cutter, and the boat was carried away. On the more than the High Level scheme. The ther continued to improve as the vessel aplatter is open to many serious objections, proached the land. 'some of which we have already pointed' out. The extension of the gaol to Caine Road would depreciate the value of the property. in the vicinity, and the levelling required would be most expensive owing to the steep character of the ground. Such outlay BEFORE THE ACTING CHIEF JUSTICE HON. is also very much more than the Colony can afford to spend on criminals, and this objection applies, of course, with stil greater force to the Low Level scheme The Stonecutter's Island scheme though actually not quite so expousive as the other two, the estimate for it being \$133,200 would eventually prove the most costly of all, awing to the necessity for having steam communication with Victoria, the employ. man-of-war Mononyahela at Shanghais They query whether I signed the last petition, you ment of additional guards, and the maintenance of a house of detention here: We Inn. THE AUSTRALIAN MAIL.

The E. and A. M. steemer Menmuir Captain Darke, R.N.R., with mails from Sylney and following items are culled from Australian files:-QUEENSLAND.

BRISBANE, October 14th. The absconder Peterson has been caught. At the sittings of the Tenterfield Bench to day. Peterson was remanded until Thursday, to await a warrant. When arrested Petuson was found to be disguised as a shepherd. He admitted everything, and stated he did not expect to escape arrest. At ameeting of the victims to day, it was resolved to obtain counsels' opinion respecting the liability of the Assurance Fund n the Registrar-General's office.

Advices have reached Blackall that a goldfield has been discovered 500 miles to the west, consisting of large quartz mountains. Good gold has been obtained.

The steamer Elamans yesterday brought the mate and four of the crew of the wrecked barque Onward from Mackay. Nothing has been heard of the other boats. Advices from Lukenville are very had. The Chinese are returning to the old workings, and Europeans are taking alvantage of the Vagrant Actin order to get food from the police 23rd October.

The Lieutenant has been floated, and is now anchored in the bay. It is denied that she is It is now stated that the money raised by Peterson on fictitious deads does not exceed £2,000. The E. and A. Mail Company offer to run : ten-knot service from Singapore to Brisbane for a bonus of £1.000 each trip, for nine trips per

Waters to the effect that, commencing from the | 298 runs. Mulligan and Herbert waters near the 26th paralled of latitude, they made several unsuccessful attempts to get west. They found no water. although away for 56 hours, accomplishing 130 miles over heavy sandhills. Determind to get across they made south with difficulty they followed Eyre Creek and some waters joining the Diamentina, afterwards called the Salt Creek, terminating in Lake Eyro. They crossed Kallagoers, a branch of the Salt Creek, which was also sait. They afterwards struck the Masgiumba, and followed it up until they sighted Mount Alexandria. They they steered northwards, and struck The Finke, ninety miles off Dalhousie Springs, and have since been examining the country north of the 20th parallel. They found a total absence of surface water east.

The Attch arrived at Cooktown last night. She sailed thence this morning. She brought seven passengers from Thursday Island who arrived there by the Conflict from Port Moresby. All are sick, and five are gone to the Cooktown hospital. The news from New Guinoa is not up the right-hand branch of the Goldie have not Suez mail. returned to Port Moresby, and it is consequently thought that they are on payable gold. The mair camp at Loloki has been broken up and the party there have all returned to Port Moresby. in consequence of an anticipated attack on them df the party now on the Goldie. No communication is possible with then in the present disturbed state of the district. 150 warriors left Port Moresby about the 1st instant, for the interior, and general trouble is unticipated. The health of the people at Port Meresby is good, but there is much sickness up country. The beche-de-mer boats are all doing well. Ingham had not arrived when the Conflict left. One of the party, named

John Haves, died of fever at Loloki camp. NEW SOUTH WALES. NEWCASTLE, October 17th.

The barque Southwick arrived this morning from New Caledonia with copper co. brings news about the revolt to the effect that the military have been most successful in their operations against the insurgents. In the conflicts that have occurred the rebels have been worsed and many killed.

TIMONEE, October 17th. Gold has been found within eight miles of Tinonee. It is generally believed that a payable field exists between the Burrell and the Cewarlck. Ranges. Two prospecting parties are now out.

SOUTH AUSTRALIA. ADELLIDE, October 14th. A telegram has been received from Robe. station that at 5 this evening a piece of board. with the word "Otago" marked on it in gilt letters, and in a state of good preservation, and ship's bucket. have been seen six miles south of Neracreena Buy. They apparently belonged to some ship.

The Glen Osmond ran ashore the other side of the Gulf, at a place called Long Spit. Assistance has been sent to her. A vote for £80,000 was carried vesteday, in the Assembly, for immeration during during the current year.

There was a grand and successful demon-

stration at the opening by his Excellency the Governor, of the North-West Bend Raiway today. About 250 guests were conveyed to the Bend by special train. A banquet was held, presided over by the Commissioner for Public Works. His Excellency Sir William Jervois made on excellent speech. He referred to the progress of the Murray trade, and pointed out strong each, and two hundred guns, including a that whilst in 1853 there was only onesteamer battery of Armstrongs. on the river belonging to South Australia, there were now sixty-four steamers and barge, with a currying capacity of 5,000 tons. As showing the advantages of the line to the Fend, he pointed out that five hundred bales of wool were placed on board the steamer Garonse, within eightdays of its lesving the station, sixty miles beyond Wentworth, in New South Wales. UNITED STATES FINANCES.

September at St. Paul, Minnesota, stated the

following "farts and figures:"-The ascertained

President Haves in his speech on the 5th of

debt reached its highest point soon after the close of the war, in August, 1865, and amounted to \$2,757,689,571. In addition to this, it was estimated that there were enough unadjusted claims against the Government of unquestioned validity to swell the total debt to \$3,000,000,000. How to deal with this great burden was one of the a result of the war. The policy adopted was to reduce the debt, and thereby strengthen the public codit, so as to round the debt at lower rates of interest. The debt has been accordingly reduced until now it is only \$2,035,324. But this does not fully show the progress made in relieving the country from the burden of its war debt. All who have to borrow money to carry debts know the importance of the question of interest. The total amount of interest bearing debt at the time it reached its highest pointthe 31st of August, 1865—was \$2,381,530,294. The total annual interest charge amounted to \$150,977,697. This was an oppressive burden. For interest alone, the country was paying more than double the total current expenses of the Government in may year of peace prior to the war for the Union. With such a burden for interest, it is not strange that many believed that the debt could never be paid But, as we have seen, a better opinion prevailed. The result is that in 13 years the interest bear. ing debt has been reduced from \$2,381,550,296 to 31.809.677.900, a gain in the amount of the interest-bearing debt of \$571,852,394. The reduction of the amount interest charge is \$55,796,690, or more than 50 per cent. of the \$95,181,007 now payable. If the reduction of annual interest were placed in a sinking fund at 4 per cent interest, it would pay off the whole debt in less than 25 years. There has been another important improvement in the state of the public debt. A few years ago the bonds were largely owned in foreign countries. It is estimated that in ~1871 from \$800,000,000 to \$1,000,000,000 were held abroad, and there was then paid from \$50,000,000 to \$60,000,000 an: nually to Europe for interest alone. Now it is estimated that five-eixths of them are held in the United States and only one-sixth abroad, and the interest on the debt is mainly paid at home. The burden of taxation has been reduced since 1866. the first year after the war, as follows:—Customs from \$179.046.651 to \$135,170.680, and internal revenue from \$309.226.813 to \$110.581.624, making a total reduction of \$247,521,160. The expenditure was \$357.542.675, and in 1878 is \$236,964,326, a reduction in five years of \$120.578349. The total value of exports from the United States increased from \$269,389,900 in 1868. to \$680,683,798 in 1878; an increase of \$411.293.898. or 153 per cent. The total increase in the value of agricultural products exported from the United States in the year 1878 over the exports of the year ending the 30th of June, 1868, amounts to-\$273,471,282, or 86 per cent, the increase being from \$319,004,531 to \$592,475.813. The President-spoke also on the subject of the currency and concluded as follows:--"The commerce of the world is the commerce now in which we are taking part, and that is the same thing the globe around. We have with as to-day the gentleman who is at the head of the Signal Service of the United States. He is known popularly as 'Old Probabilities!'-(Great laughter.) He is not old, and I fear he is not always probable,—(Renowed laughter.) But certainly, in the science of meteorology, he has gone further than any other, and what does he tell us? He say's that disturbance on any sea or any continent, sooner one. When there are very hard times in one great nation, sooner or later it goes around. We should then, base our financial system on principles and by the instrumentalities that are sanctioned and approved by the best judgment of the

POSTAL NOTIFICATION.

General Post Office, Hongkong, 9th July, 1878. SIR.—An impression seems to have got abroad amongst the Mercantile Community here that correspondence from China for London when forwarded by French Packet will reach its destination more quickly if directed via Naples than if I have pointed out to the senders (who have been induced to redirect their letters for the

Marseilles route) that this idea is most probably mistaken. As, however, the French Post Office Agent whom I consulted could not speak, positively on the point, I have the honour to request -information as to whether I am correct in supcorrespondence or closed mails for London to Naples instead of to Marseilles.—I have, &c., A. LISTER, Postmaster General of Hongkong.

J. Tilley, Esq., C.B., London.

General Post Office, London, 4th September. SIR,—In reply to your letter of the 9th July 85 last, No. 478, I beg leave to inform you that

advantage would certainly be gained by sending via Naples, instead of via Marseilles, the mails for England which you office make up for conveyance by French Packet. In the ordinary course, those mails, if landed at Naples, should reach London twelve hours sooner than if carried on by the Packet to Marsettles. Such being the case, I have to suggest that the mails in question should be addressed in future vid Naples.—I am &c., EDW. H. REA.

The Postmaster-General, &c., Hongkong. POST OFFICE NOTICE, Mails for the United Kingdom, &c., by French,

Under instructions from the London Post Office, the mails for the United Kingdom which have hitherto leen forwarded viâ Marseilles, will henceforth be forwarded via Naples, as it is understood that a gain of twelve hours results from the adoption of this route. As it would be extremely inconvenient to divide the mail and no practical advantage would result from doing so, all correspondence intended for the United Kingdom by French Packet will be

sent vià Naples, even though marked vià Mar-An impression appears to prevail that cor-

respondence for the Mediterranean stations, Gibraltar, Malta, Cyprus, the Levant, Turkey, &c., can be forwarded only by British Packet. It can be forwarded also by French Packet, and ALFRED LISTER, Postmaster General. General Post Office, Hongkong, Oct. 22, 1878. POSTAL NOTIFICATION

Information having been received by His Excellency Governor Pope Hennessy, C.M.G., of the entry of Canada on the 1st instant into the General Postal Union, it is notified that from that date the postage to be charged on correspondence for Canada will be according to the rates in force for Union Countries generally, vià Brindisi, 8 Cents. Newspapers and Prices Current, 2 Cents; or vià Brindisi, 4 Cents. Books and Patterns, per 2 oz., 4 Cents; or via Brindisi, 6 Cents. All correspondence for Canada

J. M. Price, Acting Colonial Secretary. Colonial Secretary's Office, Hongkong, 3rd July, 1878.

The attention of owners, agents, and charterers of steamers is drawn to the provisions of The Post Office Ordinance, 1876, which comes into force on the 23rd instant. Under the old Ordinance no notice was required of the departure of a vessel if not advertised, nor of departures for Canton or Macao. Notice is now required of any departure, though

with regard to sailing ships, the old rule will practically remain in force, that notice reed not be sent unless asked for. Section XXV. requires that the first notice be sent to the Post Office. In the case of steamers plying regularly or on fixed days, notice of any change in the day or hour will be sufficient. Stamped correspondence may still be sent on

board any vessel after the Mail is closed at the Post Office. The Postmaster-General takes this opportunity of calling the attention of firms to the fact that any such words as Despatches will close at 11 A.M., added to the advertisement of a vessel are illegal. Consigness' letters are exempted by law from passing through the Post Office, but no person is allowed to make collection of such let. ters for transmission under a penalty of £100

per week during which the practice continued.
